

Get More Out of Your Moodle...

Moodle: Create a Blended Classroom

Participants will learn the basics of setting up a course in Moodle and also explore the advanced features available. A hands-on approach will allow participants time to create courses using their own materials. Adding blended instruction elements to your classroom will be addressed. Breakout sessions will be available for beginning Moodle users as well as experienced Moodle users.

Winding Brook Conference Center:	October 21, 2011
Clare-Gladwin RESD Computer Lab:	December 9, 2011
9:00 am – 3:00 pm	\$25.00 (lunch provided) .5 SBCEU

Moodle Work Day

Participants will work on their existing Moodle courses or work on designing new courses. This open-lab session is designed for educators with some working knowledge of Moodle. REMC staff will be available to offer assistance where needed, and participants will build courses using their own materials.

Clare-Gladwin RESD Computer Lab:	February 3, 2012
9:00 am – 3:00 pm	\$25.00 (lunch provided) .5 SBCEU
